FYI- No more excuses from the Navy about making contacts with Nassau County or the NYSDOT.

Stan Carey, Superintendent
Massapequa Water District

Subject:

Good morning, Lora. This is an email follow up to the voicemail left earlier this morning.

Our office has been advised by the Massapequa Water District that the Navy is seeking a primary contact person from the New York State Department of Transportation (NYSDOT) in regard to remediation efforts associated with the Bethpage/Grumman groundwater plume. It is our understanding that the Navy is requesting the use of State recharge basins as part of this effort.

Please be advised that Regional Director Joseph Brown has designated Sheref Fathi, Regional Environmental Engineer for Long Island Region 10, as the primary contact person. His email address is listed above and his phone number is 631-952-6059.

NYSDOT looks forward to working with the Navy on this effort. If I can be of further assistance, please contact me at your earliest convenience. Thanks very much.

Sincerely,

Ed Hearn
Assistant to the Regional Director
